AKTIVNI TURIZAM / ACTIVE TOURISM

PETRINJA - BANOVINA

Petrinja se nalazi u središnjoj Hrvatskoj, u donjem Pokuplju, na padinama Hrastovačke gore, unutar Sisačko-moslavačke županije. Okolicu grada čine brežuljkasti predjeli sa seoskom idilom živopisnih pejzaža Banovine čiji vidici sežu do rijeke Kupe, a kulturno - povijesno središte grada oživljava žubor rječice Petrinjčice. Petrinja je udaljena svega pedesetak km od Zagreba i kao nova turistička destinacija nudi relaksirajući boravak na šetnicama, planinarskim stazama i cikloturističkim rutama uz dobru zabavu na brojnim događanjima tijekom cijele godine. Na području Banovine sa zanimljivim i očuvanim krajobrazom uzvisina, udolina i nizinskih predjela uz vodene tokove, ističu se zasebne cjeline Zrinske i Hrastovačke gore. Osim prirodnih ljepota, Petrinja je poznata i po svojoj bogatoj gastronomskoj ponudi, koja uključuje tradicionalna jela ovog kraja.

Petrinja is located in central Croatia, in the lower Pokuplje region, on the slopes of Hrastovačka gora, within the Sisak-Moslavina County. The town is surrounded by hilly areas with a rural idyll of the picturesque landscapes of Banovina, whose views reach as far as the Kupa River, and the cultural and historical center of the town is enlivened by the murmur of the Petrinjčica River. Petrinja is only about fifty kilometers from Zagreb and, as a new tourist destination, offers a relaxing stay on promenades, hiking trails and cycling routes, along with good entertainment at numerous events throughout the year. In the Banovina area with its interesting and preserved landscape of hills, valleys and lowlands along watercourses, the separate units of Zrinska and Hrastovačka gora stand out. In addition to natural beauty, Petrinja is also known for its rich gastronomic offer, which includes traditional dishes of this region.

HRASTOVAČKA GORA

Hrastovačka gora idealna je za ugodne izlete, a planinarima, hodačima, obiteljima i zaljubljenicima u prirodu svaka staza pruža drugačiji doživljaj. Uz markirane planinarske staze, odličnu prigodu za planinarenje pružaju i nemarkirani putovi i ceste. Ovisno o polaznoj točki, planinarenje traje sat i pol do tri sata, a sve staze vode do najvišeg vrha Cepeliš, 415 metara, na kojem se nalazi planinarski dom Matija Filjak i 17 metara visoki vidikovac, s kojeg se pružaju jedinstveni vidici šumovitog okružja.

Hrastovačka gora is ideal for pleasant excursions, and each trail offers a different experience for hikers, walkers, families and nature lovers. In addition to marked hiking trails, unmarked paths and roads also provide excellent opportunities for hiking. Depending on the starting point, hiking takes an hour and a half to three hours, and all trails lead to the highest peak, Cepeliš, 415 meters, where the Matija Filjak mountain lodge and a 17-meter-high lookout tower are located, offering unique views of the forested surroundings.
